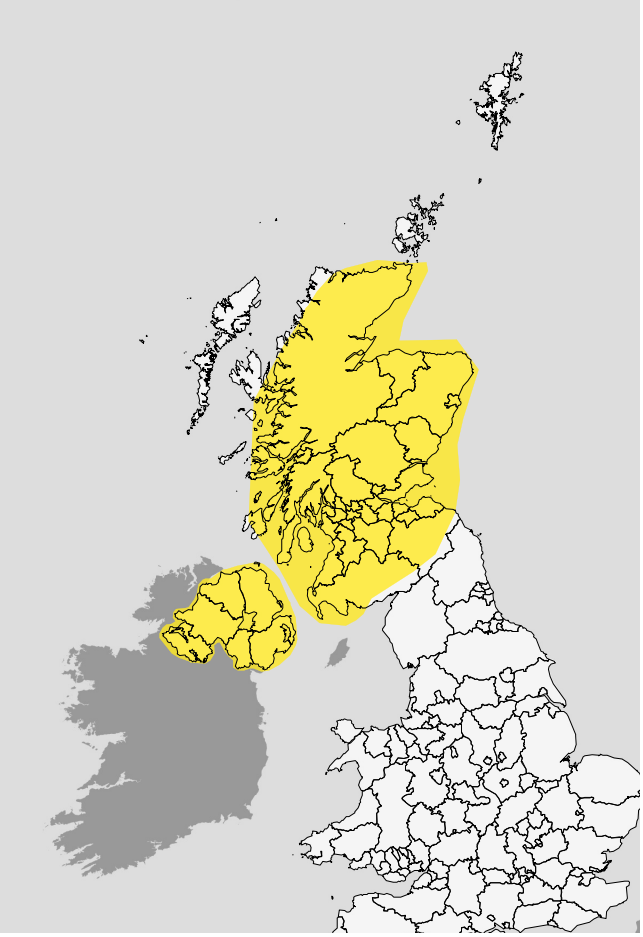
Thunderstorm

Between
09:00 Sun 14 Aug 2022 and
23:59 Sun 14 Aug 2022



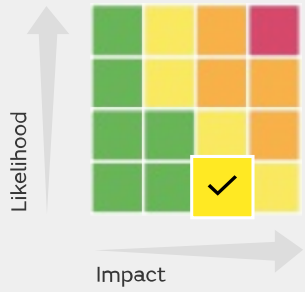
While some places stay dry, hit-and-miss thunderstorms will develop on Sunday, potentially bringing disruption in places.

What to expect

- There is a small chance that homes and businesses could be flooded quickly, with damage to some buildings from floodwater, lightning strikes, hail or strong winds
- Where flooding or lightning strikes occur, there is a chance of delays and some cancellations to train and bus services
- Spray and sudden flooding could lead to difficult driving conditions and some road closures
- There is a slight chance that power cuts could occur and other services to some homes and businesses could be lost

Further details

During Sunday, cloudier conditions and areas of rain are expected to develop across parts of Northern Ireland and Scotland. Some places missing the worst, while others seem likely to see heavy downpours and thunderstorms. These could bring up to around 50 mm of rain falling in 2-3 hours, leading to some disruption, although there will be some drier periods in between. Hail and frequent lightning are potential additional hazards.



Very low likelihood of medium impacts
